Bryant Mill Ends Season On Tues., Clewiston On Wed.

The Bryant mill of the U. S. Sugar Corporation completed the season's cane grinding Tuesday night following one of the busiest seasons at the recently constructed multi-million dollar mill. The Clewiston mill completed its grinding operations about 24 hours later than the Bryant mill.

No official records have been made public by the mill or any of its officials but it is known that for many days more than 9,500 tons of cane were ground daily. The mill was pushed to this limit in an effort to grind all of the cane that was frozen in the most severe freeze damage in many years.

For many years the U. S. Sugar Corp. has sponsored a season-end barbecue for employees and friends of the company. The barbecue will not be held this year.

The Glades Sugar House at Belle Glade will in all probability continue grinding until about the middle of April. Officials of the Sugar Cane Growers Cooperative, operators of that sugar house, have made no official announcement in regard to when they will complete their season.

1,000 Phones Out In Belle Glade Area

About a thousand telephone subscribers in Belle Glade were without phone service Wednesday afternoon when a 900-pair cable was cut at the corner of Second street, NW, and West Canal Street. The severance occurred where workmen are preparing to install a lift station for the sewerage system that is being extended in that area.

The area that suffered from loss of phone service included a majority of the town's packing houses and produce firms, and the Glades Office Building and the Sugar Cane Growers of Florida Co-operative.

Visiting Folks At Baptist Ceremony

The Thirtieth Anniversary and Homecoming ceremonies at the Canal Point Baptist church drew many out of town folks last Sunday. Most were former members of the church and friends of the pastors who had served during the past 30 years.

Those from out of town were: Mrs. W. L. Duncan, Naples; Mrs. C. R. Wetherington, Sr., Fort Lauderdale; Mr. and Mrs. David Jones, Gainesville; Mr. and Mrs. Charles Jones, Clewiston; Mrs. Arthur McArthur, Salt Springs; Mrs. Smith, Tampa; Mr. and Mrs. Edwin Cowart, Lantana.

Huge Success For Local Baptists At 30th Anniversary

More than 300 members, former members and friends of the Canal Point Baptist church gathered Sunday, March 21, in Thirtieth Anniversary and Homecoming ceremonies pronounced by all in attendance as a huge success. The noon-time meal at the church was attended by more than 300 people. Nine charter members of the church were present for the day's festivities.

All former living pastors except two were present and participated in the program which ran through three sessions, one in the morning, one in the afternoon and one at night. The first supply pastor of the church, Rev. C. B. Jones, passed away several years ago. Rev. F. C. Bloesch and Dr. B. Elmo Scoggin were the two former pastors unable to attend.

Pastors who attended and took part in one or more of the three programs of the day were: Rev. S. B. Jordan, Rev. J. R. Heller, Rev. Don Pinson, Rev. C. J. Smyly, Rev. Joe Clements and Rev. Charles D. Stewart and the present minister, Rev. Lawrence Stewart.

At the morning service Rev. C. J. Smyly, Rev. S. B. Jordan, Rev. Charles D. Stewart and Rev. Joe Clements participated. At the afternoon service when the recently constructed Education Building was dedicated the following took part: Rev. Don Pinson, Rev. C. J. Smyly, Rev. Charles D. Stewart. At the evening service those in attendance heard Rev. Richard Heller bring the message and Alton Jones deliver the evening prayer. Three gatherings were presided over by the present pastor, Rev. Lawrence Stewart.

During the period of the day when recognitions for service were made, Mrs. Paul Rardin was recognized by the pastor as having been pianist at the church during the time all of the visiting ministers served the membership.

Corn As High As \$5 As Supply Is Short

With sweet corn in the Lake Region as scarce as hen's teeth the price has shot up to as much as \$5 per crate in some instances. The prevailing price has been in the \$4.50 neighborhood but a few times the buyer needed corn to fill certain orders, thus the \$5 price.

There are no beans. Celery is bringing \$2.75 to \$3.00 and cabbage is selling for \$2.00.

The program was presented by Kyle Scott, assistant principal and dean of boys at Pahokee High School, who showed a series of film strips which he had found at the school and spliced together, depicting student activities during the 1950-51 school year at PHS—class plays, school trips, parties and the like, in color and black and white. Mr. Scott said the film, photographed by E. A. Jensen and others, will be saved by the school for future use.

Straw Ballot On Whiskey Hours In City Belle Glade

Citizens of Belle Glade will go to the polls next Tuesday and decide whether or not whiskey sales hours shall be extended beyond those now in effect in the City of Belle Glade. The Ministerial group in the city is getting their forces together in an effort to defeat the plan to lengthen the hours of whiskey sales.

City Councilmen recently voted to place the issue squarely before the citizens of the community and let them decide whether or not the hours of sales should be lengthened. Although all churches in the city are not cooperating in the planned action, the majority of them have signified their intention of participating.

The Rev. Luther A. Key, pastor of the First Baptist Church appeared before the commission prior to last fall's election and explained he would be in favor of allowing a vote that would curtail the sale of alcoholic beverages.

"Girl Of The Year" Will Be Selected

A vote was taken to select a "Girl of the Year," whose name will be revealed at the annual Founder's Day meeting in April. Plans were discussed for future fund-raising projects: a bake sale scheduled for April 17, and a candy sale, the date to be set later.

It was announced that chapter pledges will be present at the next meeting at the home of Mrs. Dorothy Buckner on April 12, when a ritual for the rushees will be conducted.

IT'S TOO GOOD TO BE JUST FOR THE YOUNG

A message from the Treasury of a free people

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 3 1/2% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds. Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy helps our government further the cause of freedom everywhere in the world today.

Why not start collecting U. S. Savings Bonds now? Only \$18.75 each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future with

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Sebring Race Will Set New Records

SEBRING—The race record for distance covered, as well as average speed, is expected to be broken with the running of the 12 Hour of Sebring on Saturday, March 27.

The record was set by the 1964 winners, Umberto Maglioli of Italy and Mike Parkes of England. The pair, co-driving a Ferrari, covered 1112.8 miles at a speed of 92.364 miles per hour.

This mark is not likely to withstand the challenge of the 70 sports, GT and prototype cars that will take the famed Le Mans start this year. Every maker of topflight racing cars in the world is represented in the full field.

The 12 Hours of Sebring climaxes three days of racing. On Thursday and Friday, March 25 and 26, there will be international motorcycle races on the 5.2 mile road course, and on Friday there will also be a three hour production sedan race.

Why should you buy
U. S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Baptist College Plan Moves Ahead

The Florida Baptist Education Commission is moving ahead with plans for the new Baptist College to be built in Palm Beach Gardens.

Members of the commission met in West Palm Beach with the College Committee which is conducting the \$1,500,000 building fund campaign in Palm Beach County in behalf of the Palm-Lake Baptist Association of 31 churches.

Charles Walker, chairman of the Education Commission and dean of students at Miami-Dade Junior College, said that three committees would report to a Commission meeting in Jacksonville on March 22.

Dr. Broward Culpepper, executive secretary of the Florida Board of Regents, is chairman of the Education Commission's committee on finances. The Florida Baptist Convention, in its 1964 convention voted to contribute \$1,100,000 to the college following successful completion of the local \$1,500,000 campaign.

Dr. Doak Campbell, president emeritus of Florida State University, is heading another committee for the selection of trustees for the new Baptist College.

The third committee, chaired by Dr. Robert Walker, professor of chemical engineering at the University of Florida, is working on statements of policies and objectives for the college.

The Education Commission members heard a report on the campaign's progress. Members of the Palm-Lake Baptist Association's churches are being solicited for campaign pledges (payable over three calendar years (July 1, 1965-June 30, 1968) four tax years.

Rogers Asks Repeal Phone Excise Tax

WASHINGTON — Congressman Paul Rogers introduced legislation today to repeal the excise tax on telephone service.

Rogers said, "To repeal this tax will cut everyone's telephone bill by 10 percent. Florida telephone users would immediately realize savings of well over \$20 million each year."

The Florida Congressman stated that the tax is paid by telephone users and not the telephone companies. He said the Federal government imposed the tax during World War II in an effort to curb unnecessary use of the telephone, and that telephone companies pay the 10 percent tax to the government after they collect it from subscribers.

"The telephone has become a necessity of modern life," Rogers said. "Businesses depend on it, and the personal life of America has been deeply affected by this utility. To continue to impose a Federal tax on telephone service works a hardship on the average citizen who is already overburdened with Federal, State, and local taxes."

Rogers' bill would apply to local service as well as long distance calls.

Mr. and Mrs. Charles Maxson had as their house guests, Rev. and Mrs. Joe Clements who were here to attend homecoming at the Canal Point Baptist Church.

Intangible Tax To Be Investigated

TALLAHASSEE—State Comptroller Ray E. Green has ordered an investigation of the intangible tax payments of every major corporation of Florida.

The action by the comptroller is a result of an apparent discrepancy in the tax declarations of the St. Joe Paper Co. which is owned by DuPont estate. St. Joe last year paid intangible taxes on \$32 million worth of stocks, bonds and cash, but its annual statement to stockholders shows the company owns \$88 million worth. Green has not accused St. Joe of any wrongdoing and the investigation will be routine with complete cooperation by Ed Ball, operating head of DuPont estate.

Millions In Taxes Came Thru Hialeah

HIALEAH—The State of Florida, its 67 counties and old age assistance fund all derived record-revenue from Hialeah's most successful horse race meeting, January 16 through March 3.

Florida's pioneer track, celebrating its 40th anniversary (1925-1965) produced an unprecedented total of \$6,613,701.28 in taxes for the state. Of the all-time high \$75,770,975 wagered at the 40-day meeting this winter, the state received \$6,061,678 as its 8 percent, along with \$391,613.50 as 50 percent of the breakage and \$160,409.78 in admissions taxes.

The grand total in taxes to the state from Hialeah since 1932 now stands at \$121,771,303.47. During that period, the track was closed because of World War II, in 1943 and 1945.

Of the immense revenue the State of Florida receives from Hialeah racing, the 67 counties share equally in 3 percent of the total mutuels handle and all of the state admission taxes, while old age assistance receives 5 percent of the total mutuels handle and 50 percent of the breakage.

Thus, Hialeah's 1965 operation will enable the 67 counties to split up a total of \$2,433,538.03, while \$4,180,162.25 will go into the

fund for the aged. The all-time totals are \$45,485,815.76 for the counties and \$71,657,193.37 for old age assistance.

This was the 10th time in 11 years that Hialeah racing has yielded the state well above \$6 million in taxes. The previous high was \$6,408,382.27 in 1960.

APPRECIATION

I would like to thank my many friends for their cards, calls, and flowers during my recent illness and confinement in the hospital.
